JUST HAVEN
YOUR NOMADIC TREATMENT EXPERIENCE

Just Haven brings you an exclusive Spa experience wherever you are. Using a unique *mobile spa concept*, we offer luxurious treatment in perfect surroundings at the comfort and convenience of your chosen venue.

Lavish gazebos and large, comfortable treatment chairs are complimented with excellent service to spoil you with a gracious, intimate and thoroughly relaxing experience.

Our product is ideal for: A corporate team-building with a difference; A group event looking for elegant luxury; A private party of the highest quality.

Just Haven originates from Magaliesburg, Gauteng.

Just Haven will lavish you with an exceptional treatment experience of rest and relaxation, in the comfort and privacy of your special venue or destination.

Visualise for a moment, being at your favorite Country Resort, Hotel, Conference Venue or Lodge, out in the bush, on the river front, in the garden amongst the flowers or shadowed by the trees.

The wind is whispering in the trees, the river is rolling over stones, the sound of peace & tranquility teasing your ears.

Arriving at your treatment site you are met by a smiling hostess and a team of warm, welcoming friendly “treaters” ready to give you an experience that will submerge you back into a time that is all but forgotten.

You are escorted down to an exquisite setting of gazebos flowing with white draping, silver can-delabra, warm wood, comfortable chairs with soft throws and cushions, lush textures creating the welcome warm feeling of luxury.

As you peer into one of the gazebos, you find a luxurious, exclusive treatment area adorned with a beautifully packaged peachskin gown and possibly a gift box filled with delicious looking products wrapped just for you.

Your Treater will guide you to your own private gazebo where you will be given the chance to pre-pare for your experience. The luxurious treatments begin leaving you astounded at how special and pampered you feel. Upon completion of your treatments your Treater will leave you to relax and slowly immerge back to reality.

You will be guided back to the lounge area to await your friends and colleagues and relive the feeling of **Just Haven.**

Social Responsibility

We at Just Haven believe in the importance of local culture and social development. As part of our support we are committed to recruit and train our Treators, the ambassadors of the business, from within our immediate community. This relationship has so far given more than 30 ladies the opportunity to earn an income and learn valuable skills. Skills, that can play an important part of their futures.

Just Haven continues to develop and train our existing Treators as well as new ladies as the business and opportunities grow.
